JAMIE - A man who cooks. Need I say more? Never mind he is cute, charming, can slide down his spiral staircase banister, has cool lingo such as 'pucker' and 'kaboodle' and 'tastey', has a sexy little lisp thing going on. He's charming, he's funny, he's fast, he's 26. Jamie Oliver and his show The Naked Chef. Do a search. Go look. You will love him too. Jump to recipes

If you want me to send you an email every time I update this site (don't worry, that is not that often...), just mail me, and mention Jamie in the subject line if you're sending a blank email. Of course, comments are always welcome. And to anyone who didn't understand: I'm not Jamie! Just another fan who had too much spare time.

Tuesday, October 23rd - Jamiroquai's Jay Kay invites Jamie over to roast a proper joint of beef with all the trimmings. You can find the recipes as they appeared on BBC Ceefax here or in the menu. I've put some screenshots, but I still have to get more, and edit them to get rid of those annoying black bars.

Tuesday, October 16th - The new series has started! You can find the recipes as they appeared on BBC Ceefax here or in the menu. I'll work on getting some screenshots.
From the BBC website: "Tonight Jamie begins a new series in which he travels from Cornwall to Inverness doing some cooking on the way. And tonight some of it is even on a camp stove. Jamie is certainly a boyish and endearing guide, even if he's suffering a little from overexposure at present, and the picnic lunch tips are definitely worth noting down."

**Monday, March 19th** - Homepage.com is discontinuing their free web space service, so I had to move the site. Which is probably for the better anyway, since I've had a lot of trouble accessing the site and I don't think I'm the only one. If there are any problems at this new location (like links that don't work anymore), please let me know.

I haven't had much time to work on the site lately, so I'm running a bit behind. However, tonight's recipes are right here, and those from last week's episode (March 12th), *Going to the dogs*, were already online. The recipes from the week before (March 5th), *A perfect day*, I missed during the original broadcast last year, but I got them now. I'm still missing the second episode, *Girls, Girls, Girls*, but some of the recipes are on my page of missed recipes. Also see the menu below.

**Tuesday, February 20th** - Yesterday, the BBC started rerunning the second Naked Chef series. Unfortunately, they're not publishing the recipes on ceefax, since it is a repeat programme. Too bad, 'cause that's the source I use for the recipes on these pages, and I hoped to complete my collection. However, the recipes from this episode were already at this website, and you can find them, together with some nice screenshots, right here.
Wednesday, January 31st - This site crossed the 10,000 hits mark today! You're probably thinking "Who cares?", but it is important to me: its shows I'm not just waisting my time here. Well, I probably am anyway, but I enjoy it.

Wednesday, December 20th - Christmas episode of The Naked Chef on the BBC today, Christmas in New York. The recipes are here, and I'll add screenshots as soon as I have the time for it, which will be either tomorrow or sometime next year :).

Monday, December 18th - Thanks to a dedicated fan from Norway, I've gotten hold of the recipes of Jamie's Xmas special. Thank you, Ove!

Tuesday, November 7th - I did some major restructuring work on the site today while keeping an eye on the elections. All the ugly text files are replaced by html, the background checker pattern is lighter for better readability, and I created this menu, so the recipes are no longer just listed per episode. Furthermore, I started a page with recipes from episodes I missed, and I intend to add to this page asap. If there's a recipe you can't find, you can always mail me, I'm not making any promises but you might get lucky!

Wednesday, November 1st - Today the BBC started airing a new series, Friends for dinner. This is what the BBC said about it:

It sometimes feels as if there are more cookery programmes around these days than most people have had hot dinners, but this one is suitably original, a kind of culinary Ground
Force! Seven of Britain's top chefs turn up on the doorsteps of their biggest fans, and in true Jim'll Fix-It style, help them cook up the dinner party of their dreams. Tonight Jamie Oliver is the knight in shining armour for Angela Wheeler, showing unending patience, and even offering support down the telephone after he's gone. What a nice boy!

Jealous? Me? Well, at least I won't be the only one!

Anyway, Angela made some recipes from The Return of the Naked Chef, which therefor should have already been on this site, unless they're from an episode I missed. And I think that might be the case. Unfortunately, the recipes weren't shown on ceefax, but I've got it on tape, so I'll see what I can do. And I'll see what else is on that tape, so I can change those horrible text files in something nice.

**Wednesday, May 31st** - Last episode today: **Wedding Bells**! Maybe now I've got time to give this site the facelift it desperately needs and fix up the recipes with screenshots.

**Wednesday, May 24th** - Here are the recipes from today's episode Bender's birthday barbi as they appeared on BBC Ceefax. Just a text file for now, but I was very quick with getting it online this time, wasn't I?

**Sunday, May 21st 2000** - I've added screenshots to the recipes from last Wednesday's episode A bun in the oven, including "Baked Carrots with Cumin, Thyme, Butter and Chardonnay", "Fantastic Fish Pie", "Sheila's Pudding", and "Watercress, Rocket, Sweet Pear, Walnut and Parmesan Salad".
Thursday, May 11th 2000  The recipes from yesterday's episode "Picnic on the pier" as they appeared on BBC ceefax last night are right here. In addition to adding these recipes, I've changed the background from the papery design that made it near to impossible to read the text, to a colourful checker pattern.

Thursday, May 4th 2000  The recipes from yesterday's episode "Going to the dogs" are right here.

Tuesday, May 2nd 2000  - HELP WANTED!!! There's a new episode tomorrow and I still have to get the last two shows online! I've been WAY too busy lately, I still haven't even SEEN those last two episodes. So if you're a fan of Jamie like me, and you'd like to get involved in building this site, please mail me at the address below. If you're not very good at all the more technical stuff, don't worry, I'll take care of that - if you are, that's great too, 'cause this site sure could use a facelift.

Friday, April 21st 2000  – Sorry, fellow Jamie fans, I'm on a Easter holiday right now, so I can't get to my own computer. I haven't even seen this weeks episode yet!. Of course, I taped it, so as soon as I'm back home, I'll make some nice screenshots, but the recipes will be off Ceefax by then. So if someone else copied them, please mail them to me, otherwise it might take a while before I put them online.

Wednesday, April 12th 2000  - The BBC starts airing the new series today. The programme is rated Top choice in today's recommendations and described as "A very tasty dish - and that is just the presenter!". According to the BBC, in the first episode
Jamie plans a reunion supper for an old friend, which includes roasted sea bream, and a "wicked" chocolate nut torte. These recipes as they appeared on BBC ceefax along with some nice screenshots, you can find here.

Even though I've always carefully listed my sources (I love the BBC!), there might be some material on this site - like any other fansite - that conflicts with copyright laws. If you own the rights to anything on this site and don't want me to use it, please mail me and it will be removed promptly.

**Episode 2:**

**Rock Food**

(recipes copied from BBC ceefax)

**PI NENUT AND HONEY TART**
Makes a 30cm / 12" tart

**Ingredients**
- 255g/9oz pinenuts
- 255g/9oz butter
- 255g/9oz caster sugar
- 3 large eggs, preferably organic
- 4 tablespoons Greek fig tree honey
- 115g/4oz plain flour
- zest of 1 orange
- lemon thyme, picked
- pinch of salt

**For the pastry:**
- 115g/4oz butter
- 100g/3½ oz icing sugar
- pinch of salt
- 225g/8oz plain flour
- 2 egg yolks
- 2 tbsp cold milk or water

**Method**
1. Cream together the butter, sugar and salt and then rub or pulse in the flour and egg yolks. When the mixture has come together, looking like coarse breadcrumbs, add the milk or water.
2. Gently pat together to form a small ball of dough. Wrap and leave to rest for an hour.
3. Cut thin slices of your pastry (or you can roll out if you prefer) and place in and around the bottom and sides of your 30cm/12" tin.
4. Push the pastry together and level out and tidy up the sides. Cover and leave to rest in the freezer for about 1 hour.
5. Pre-heat your oven to 180C/350F/Gas Mark 4, and bake the pastry for around 15 minutes until lightly golden. Reduce the oven temperature to 170C/325F/Gas Mark 3.
6. While the pastry is in the oven, toast the pinenuts under the grill.
7. Using a spatula, or a food processor, whip the
butter and sugar until light and fluffy.

8 Stir in your pinenuts, add the eggs one at a time, then fold in the honey, flour, thyme, orange zest and salt. Spoon into the tart shell and bake for 30-35 minutes.

9 Add a few uncooked pinenuts to the top of the mixture for decoration

10 Serve with caramelised figs (grilled with a little sugar), creme fraiche and a little lemon thyme.

**BEST ROAST BEEF**

**Ingredients**
- 1 x 2.5kg/5½lb fore-rib, wing rib or sirloin of beef, French trimmed
- sea salt & freshly ground black pepper
- olive oil
- 3 red onions, halved
- 2 bulbs of garlic
- 3kg/7lb roasting potatoes, peeled
- 3 rosemary twigs
- 4 cloves garlic, peeled
- 2 thumb-sized pieces of ginger, peeled & diced
- ½ bottle of robust red wine

**Method**

1 Pre-heat oven to 230C/450F/Gas 8, and heat a large thick-bottomed roasting tray on the hob.

2 Rub your beef generously with salt, then add a little olive oil to the tray and lightly colour the meat for a couple of minutes on all sides.

3 Lay your onions and bulbs of garlic in the tray with the beef on top of them, then cook in the pre-heated oven for a total of 1½ hours.

4 While the beef is starting, parboil your potatoes in salted boiling water for around 10 minutes and drain in a colander. Toss about to chuff them up this will make them really crispy.

5 After 30 minutes, take the tray out and toss in your potatoes, parsnips and rosemary. With a garlic press or grater, squeeze or grate the garlic and ginger over everything in the tray.

6 Shake the tray and whack it back in the oven for the final hour. Remove the potatoes and parsnips to
a dish to keep warm, place the beef on a plate, covered with foil, to rest, and get your greens and Yorkshire puddings on.

7 Remove most of the fat from your roasting tray and you should be left with caramelized onions and sticky beef goodness. Add a teaspoon of flour to the tray and mash everything together.

8 Heat the tray on the hob and when hot, add the red wine. Simmer for 5-10 minutes, stirring every couple of minutes, until your gravy is really tasty and coats the back of a spoon. Add any juice from the beef and feel free to add some water or stock to thin the gravy if you like.

9 Pour through a coarse sieve and push it through with a spoon and serve in a warmed gravy jug.

BAKED ONIONS

Ingredients
4 good sized white onions, peeled
olive oil
2 cloves of garlic, peeled & finely chopped
4 twigs of fresh rosemary, lower leaves picked & chopped
8 tbsp double cream couple of handfuls of grated Parmesan sea salt & freshly ground black pepper
4 slices of pancetta or smoked streaky bacon rashers

Method
1 Boil the onions in plenty of water for 15 minutes until slightly tender. Remove from the pan and allow to cool.
Then, with a sharp knife, remove the top 2.5cm/1" of each onion, finely chop and place to one side. If need be, slightly trim the stalk end of the onions so that they will sit flat on a roasting tray.

Cut about a heaped tablespoon out from the inside of each onion, keeping the outside intact. Finely chop and add to the rest of the chopped onion.

Pre-heat the oven to 200C/400F/Gas 6. Heat a frying pan and add a little olive oil, your garlic, the chopped onions and just a little chopped rosemary.

Fry for a couple of minutes until softened, then turn the heat down, add the cream and remove from the heat. Stir in the Parmesan and season.

Wrap a nice slice of pancetta around the middle of each onion and just spike it in place with a sharpened twig of rosemary.

Place the onions on to a roasting tray and spoon some of the chopped onion mixture inside each one. Bake in the preheated oven for around 25 minutes.

HUGE YORKSHIRE PUDDINGS

Ingredients
285ml/½ pint milk
115g/4oz plain flour
A pinch of salt
3 eggs

Method
1 Mix the batter ingredients together. Pre-heat a Yorkshire pudding tray with 1cm/½" of oil in each section.
2 After 10 minutes divide the batter in to the tray. Cook for around 30 minutes until crisp, don’t open the oven door before then or they won’t rise.
(I'll work on these later - promise!)
FANTASTIC ROASTED CHICKEN

For 6 people

Ingredients
900g/2lb chicken, preferably organic
1 large lemon
8 slices prosciutto or Parma ham, thinly sliced
1-2 cloves garlic, peeled and finely chopped
2 good handfuls of fresh thyme, leaves picked and finely chopped
salt and freshly ground black pepper
115g/4oz or ½ pack softened butter
1kg/2lb 3oz potatoes, peeled and cut into chunks
1 large celeriac, peeled

Method
Preheat oven and an appropriately sized roasting tray to 220c/425f/Gas 7
1 Wash your chicken inside and out, and pay dry with kitchen paper. Using your fingers, part the breast skin from the breast meat.
2 It’s important to try to push your hand gently down the breast, being careful not to rip the skin.
3 With a peeler, remove and chop the fragrant yellow skin of the lemon, keeping the peeled lemon to one side.
4 Tear up your prosciutto and add to a bowl with the lemon skin, garlic and thyme.
5 Season and scrunch it all into the butter. Push this into the space you have made between the meat and skin - rub and massage any that’s leftover in and around the bird.
6 Slash the thigh meat to allow the heat to penetrate a little more, which makes it taste better. Halve the peeled lemon and push it into the cavity. Put your chicken in the hot tray and roast in the preheated oven for 20 minutes.
7 While the chicken is cooking, parboil the potatoes in salted water for 10 minutes and drain. Cut the celeriac into irregular chunks around the same size as the potatoes.
8 Remove the chicken from the oven, by which time the tasty butter will have melted, flavoured and cooked out of the chicken into the bottom of the tray, awaiting your potatoes and celeriac.

9 Put a fork into the cavity of the chicken and lift it out of the tray for 20 seconds while you toss and coat the vegetables in the butter. Put the chicken back on top of the vegetables and cook for around 40 minutes.

10 Stand for 10 minutes. Once the meat and vegetables have been removed, a light gravy can be made in the tray on the hob with stock, a splash of wine, a little simmering and some scraping.

**BASIC SMOOTHIE RECIPE**

For 2 people

**Ingredients**

1 banana
2-3 large handfuls of a chosen fruit
about 1 pint glass of ice
285ml/½ pint single cream

**Method**

1 Place the banana and your chosen fruit into a liquidizer and whizz for 30 seconds. Add the ice and cream.
2 Place the lid back on tightly, and pulse the liquidizer a couple of times on and off to break up the larger pieces of ice, before whizzing up to a semi-slushy milkshake consistency.
3 If you haven't got a liquidizer, you could place the...
ice into a clean tea-towel and bash it with a rolling pin before stirring in the mッシュed fruit and cream.

**SMOOTHIES - VARIATIONS**

**Blackberry and Pineapple Smoothie**
- 2 handfuls of blackberries
- 1 handful peeled and chopped fresh pineapple

**Banana and Honey Smoothie**
- 1 more banana
- 2 tbsp honey
- 2 heaped tbsp peanut butter

**Raspberry and Strawberry Smoothie**
- 1 handful raspberries
- 2 handfuls strawberries

---

**BASIC BREAD RECIPE**

**Ingredients**
- 30g/1oz fresh yeast or 3 x 7g sachets dried yeast
- 30g/1oz honey or sugar
- 625ml/just over 1 pint tepid water
- 1kg/just over 2lb strong bread flour
- 30g/1oz salt
- some extra flour for dusting

**Method**
1. Dissolve the yeast and honey or sugar in half the tepid water.
2. On a clean surface or in a large bowl, make a pile of the flour and salt. On a clean surface or in a large bowl, make a pile of flour and salt. Make a well in the centre, and pour in the dissolved yeast mixture. With four fingers of one hand, make circular movements from the centre moving outwards, slowly bringing in more and more of the flour, until all the yeast mix is soaked up. Pour the
other half of the tepid water into the centre, and gradually incorporate all the flour to make a moist dough. (Certain flours may need a little more water, so adjust the quantities.)

3 Roll, push and fold the dough over and over for five minutes, to develop the gluten and structure of the dough. If any of the dough sticks to your hands, just rub them together with a little flour.

4 Flour both your hands well, and lightly flour the top of the dough. Make it into a roundish shape, and place on a baking tray. Deeply score the dough with a knife, allowing it to relax and prove with ease. Leave it to prove until it's doubled in size. Ideally you want a warm, moist, draught-free place for the quickest prove, for example near a warm cooker, in the airing cupboard or just in a warmish room, and you can even cover it with clingfilm, if you want to speed things up. This proving process improves the flavour and texture of the dough, and should take around 40 minutes, depending on the conditions.

5 When the dough has doubled in size, you need to knock the air out of it by bashing it around for a minute. Shape it into whatever shape you want - round, flat, filled, trayed up or tinned up - and leave it to prove for a second time until it doubles in size again. Don't feel a need to rush through this, because the second proving time will give it a lovely, delicate soft texture.

6 Now you want to keep all the air inside the loaf, so don't knock it. Gently place it in the preheat oven and don't slam the door. Bake according to the time and temperature given in the recipe variations. You can tell if your bread is cooked by tapping its bottom (take it out of the tin first!) If it sounds hollow, it's cooked. If not, put it back in the oven for a little longer. Place on a rack to cool.
CHICKPEA MOROCCAN FLATBREAD

Ingredients
1 basic bread recipe
1 tbsp cumin seeds, lightly cracked
1 tbsp coriander seeds, lightly cracked
1 400g tin chickpeas, drained and mashed

Method
Preheat oven at 230c/450f/Gas 8
1. At stage two of the basic recipe, mix in the cumin seeds, coriander seeds and chickpeas and carry on through the recipe until stage 5, when you divide your batch of dough into 10 pieces.
2. Roll out each of these to 0.5cm/¼" thick and gently pull out into a slightly irregular oval shape. Cook one or two at a time, depending on how big your oven is, straight away without a second prove, directly on the bars of the preheated oven at 230c/450f/Gas 8.
3. They take about four minutes to cook and puff up beyond belief. Allow to cool slightly for a couple of minutes before eating.

COUSCOUS WITH GRILLED SUMMER VEGETABLES AND LOADSA HERBS

For 4 people

Ingredients
255g/9oz couscous
285ml/½ pint cold water
3 red peppers
1 handful of asparagus, trimmed and peeled if need be
2 or 3 small firm courgettes/patty pans, sliced
1 small bunch of spring onions, trimmed and finely sliced
2-4 fresh red chillies, deseeded and finely sliced
3 good handfuls of mixed fresh herbs (basil, coriander, mint, flat leaf parsley)
2 olive oil and lemon juice dressing
salt and freshly ground black pepper
red wine vinegar

http://www.geocities.com/nakedcheffan/picnic.htm (5 of 6) [16/04/02 10:01:26]
Method
1 Place the couscous in a bowl with the cold water. This will start to soften the couscous and you will see the water disappear as it soaks in.
2 While the couscous is softening, blacken the peppers by placing them directly onto the naked flame of a gas hob. If you don't have gas, put them under the grill. Either way, blacken on all sides, so turn when need be.
3 When fully blackened cover in a bowl for five minutes until cool, wrap in clingfilm and put in a sandwich bag. This will steam the skins and make peeling and deseeding easier. Remove the skins and seeds, and roughly chop.
4 On a very hot ridged grill pan, lightly char the asparagus and courgettes or patty pans on both sides.
5 Toss them into the bowl of couscous with the peppers, spring onions, chillies and ripped-up herbs. Mix well.
6 Add the olive oil and lemon juice dressing and toss well. Finally, taste and season with salt and pepper, and a couple of dribbles of red wine vinegar for a slight twang.

OLIVE OIL AND LEMON JUICE DRESSING
Ingredients
2 tbsp lemon juice
5 tbsp olive oil
salt and freshly ground black pepper, to taste
Mix all together.
Some recipes from the episodes I missed:

**ROASTED FILLET OF BEEF IN HERBS AND PORCINI AND WRAPPED IN PROSCIUTTO**

This is one of my favorite Jamie recipes. I made it for Christmas, and that worked just perfectly because you can prepare everything the day before, and then you just pop it into the oven.

*(serves 4)*

**Ingredients**

- 900 g / 2 lb fillet of beef, left whole
- 12 - 18 slices of prosciutto or Parma ham
- 1 good handful of dried porcini, soaked in around 285 ml / 1/2 pint of boiling water (or you could just use fresh chopped mushrooms of your choice)
- 2 glasses of red wine
- 3 peeled cloves of garlic
- 3 good handfuls of fresh rosemary and thyme, leaves picked and chopped (although I used dried herbs, a good tablespoon of each, but of course fresh is better)
- 3 good knobs of butter
- juice of half a lemon
- sea salt and freshly ground pepper

**Method**

2. Lay out your slices of ham on a piece of grease proof paper, so it makes a sheet large enough to wrap your meat in. Make sure there are no gaps.
3. Chop one of the garlic cloves, and fry it together with the porcini in one knob of butter for about 1 minute. Then add half the soaking water and let simmer for about 5 minutes, before adding the lemon juice, the remaining butter and salt & pepper. If you're using fresh mushrooms, it'll take a bit longer, but either way you want the moisture to reduce down so your mushrooms are moist, but there's no excess fluids. Spread the mushrooms out on half the laid-out prosciutto. If you put the mushrooms on the ham while they're still hot, they'll warm up the ham and make it sweat and wrapping the meat will be a lot harder. So better let them cool down first.
4. Season the beef and roll it in the herbs. Place it on the mushrooms and wrap the ham around it, pulling back the paper. Again, make sure there are no gaps. Tie everything together with string. I know the chefs have elegant ways of doing this, but I just use a whole lot of string and make sure it is secure. You'll take this off before you serve it anyway, so I'll say better safe than sorry.
5. And now for the roasting! Put your meat in a roasting tray with the garlic. The time it'll take of course depends on the size of your fillet. For this amount Jamie recommends 25-30
minutes for rare, 40 min (medium), 50 minutes (well done) or 60 minutes (cremated). Add the wine halfway through.

For my Christmas dinner for 22 people, I used two pieces of fillet, each weighing about 1.5 kg, in the same roasting tray - that took over 2 hours to get to medium. So if you're making a large amount, I'd use a meat thermometer (to 55 - 57° C) to be absolutely sure your meat is done.

When your meat is done, let is rest on a carving board for 5 minutes before carving. In the mean time, remove all juices (scraping all the goodness from the inside of the tray first) to a saucepan and reduce down for a lovely red wine gravy.

**CHOCOLATE POTS**

(serves 4)

**Ingredients**

- 285 ml single cream
- 200 g best-quality cooking chocolate (70% cocoa solids)
- 2 large egg yolks
- 3 tablespoons of brandy, the best you can get
- 20 g of butter

**Method**

In a thick-bottomed pan, heat the cream until nearly boiling. Remove and set aside for 1 minute before snapping in your chocolate. Stir in until melted and smooth. Once melted, beat in your egg yolks and brandy and stir until smooth. Allow to cool slightly before stirring in the butter until the mixture is smooth. Pour into individual serving pots. Store in the fridge until serving.

**PUKKOLLA**

**Ingredients of the muesli mixture**

- 8 large handfuls of organic Scottish porridge oats
- 2 large handfuls of ground bran
- 1 handful of chopped dried apricots
- 1 handful of chopped dried dates
- 1 handful of crumbled walnuts
- 1 handful of smashed or chopped almonds, hazelnuts or Brazil nuts

**Fresh ingredients**

- 1/2 an apple (grated) per person
- milk
- half a banana per person
honey to taste
yoghurt
berries

**Methode**

1. Mix all the ingredients of the muesli mixture. This mixture will keep good for a couple of months in an airtight container.
2. The day or night before add 1/2 an apple (grated) per person and cover with milk, and store in the fridge over night.
3. Then in the morning, add half a banana per person, sliced or squashed. Add honey to taste. Serve with some yoghurt and berries.
THE BEST HOT CHOCOLATE
This a great way to make the best hot chocolate, cappuccino or frothy milk drinks at home without having to buy any expensive machinery. All you need is a good-sized thermos flask or a plastic jug with a screw-top lid. I’ve even made pukka ovaltine like this!
Serves 2

Ingredients
565ml/1 pint full cream or semi-skimmed milk
2 tbsp the best hot chocolate powder
a handful of marshmallows

Method
1 This takes around 3 or 4 minutes to make. Firstly put a pan of milk on to the heat. Bring to a simmer - not a boil and while its heating, put a tbsp of choccie powder into each mug. Add a little warmish milk from the pan to each mug you just need enough to dissolve the chocolate powder.
2 At this point, plonk a few marshmallows into each mug. When the milk is at a simmer, carefully pour it into a plastic jug or flask.
3 I normally do this over a sink as I always end up spilling a bit (the trick is to have a big enough jug or flask so the milk only half fills it - you need the extra space for shaking and frothing).
4 Screw the lid on tightly, place a cloth over the lid for safety and shake hard for a minute. Remove the lid, minding the steam, and pour into your mugs, stir.
PANCAKES

These American pancakes are great! Instead of being thin and silky like French crepes they are wonderfully fluffy and thick and can be made to perfection straight away.

Serves 2 in the USA or 4 in England!
Makes 8 - 12.5cm/5in

Ingredients

3 large eggs
1 cup plain flour - 122g
1 heaped tsp baking powder
½ cup milk - 110ml
a pinch of salt

Method

1 Firstly separate the eggs, putting the whites in one bowl and the egg yolks into another. Add the flour, baking powder and milk to the egg yolks and mix to a smooth thick batter. Whisk the whites with the salt until they form stiff peaks. Fold into the batter it is now ready to use.

2 Heat a non-stick pan on a medium heat. Pour a little oil onto some kitchen paper and spread onto the pan.

3 Pour some of your batter into the pan and fry for a couple of minutes until it starts to look golden and firm. At this point sprinkle your chosen flavouring onto the uncooked side before loosening with a spatula and flipping the pancake over. Continue frying until both sides are golden.

4 You can make these pancakes large or small and serve them simply with maple syrup, butter or creme fraiche. Or try one of these great flavourings...

Flavourings

corn on the cob, bacon or pancetta, blueberry, banana, stewed apple, chocolate, maple syrup or anything else you can imagine You must try the corn pancakes they're great. You must use fresh corn. To do this, remove the outer leaves and carefully run a knife down the cob - this will loosen the pieces. I like to have some grilled bacon over my corn pancakes, drizzled with a little maple syrup.
PIZZA
Makes 8 pizza bases - 25cm/10in

Ingredients
1kg/2lb 3oz strong bread flour
30g/1oz salt
3x7g sachets dried yeast
30g/1oz sugar
565ml/1 pint tepid water
2 tbsp olive oil

Method
1 Put the flour onto a work surface or use a bowl if you are short of space. Using your fingers, make a big well in the middle of the flour.
2 Add your sugar, salt and yeast then pour in the tepid water. Using a fork, make circular movements from the centre outwards, slowly bringing in more of the flour until the yeast mix is soaked up. This should be starting to look like dough now so you can start to work and knead it until it is smooth.
3 This should take around 4 minutes. Roll out to a sausage shape and divide into 8 or 10 balls, depending on how large you want the pizzas to be.
4 Lightly top with your chosen topping (the simpler the better) and bake directly on the oven bars for 10 minutes at your ovens highest temperature.

Toppings

For enough to cover eight bases, chop and de-seed 8 plum tomatoes, dry with kitchen paper, sprinkle with a little dried oregano and a drizzle of olive oil.

Various topping ingredients:
sliced mozzarella

Parmesan
olives

**SUSHI ROLLS**  
Serves 4-6

**Ingredients**  
400ml/14fl oz sushi rice  
450ml/16fl oz water  
6 tbsp rice wine vinegar  
2 tbsp sugar  
2 tsp salt  
a pack of nori seaweed sheets, cut in half  
pickled ginger  
wasabi  
soy sauce

For the fillings:  
spring onions  
enoki mushrooms  
raw salmon  
raw tuna  
cucumber

**Method**  
1 Wash the rice well and drain. Cover with the measured water and bring to a simmer. Cover and cook for 12 mins then leave to sit for 5 minutes with the lid on.  
2 Meanwhile, heat the vinegar, sugar and salt until dissolved then leave to cool. Turn the cooked rice out onto a flat tray to cool. When cool, place in a bowl, stir in the vinegar solution and mix with a wooden spoon.  
3 Lay half a sheet of nori seaweed onto a rolling mat. Dip your hand in cold water and quickly place a handful of rice in a line along the seaweed. Flatten out with your fingertips using the water to stop any sticking.  
4 The key is to do this quickly. The rice should cover half the width of the sheet so now you can place your combo of filling in the middle of the rice. Use the mat to roll up the sushi roll, pinch and squeeze the mat to shape it into a round cigar shape. Practice makes perfect.  
5 Slice into inch-thick rolls with a sharp knife, turn
onto their sides so the rice is facing upwards, and serve with the pickled ginger and wasabi mixed with soy sauce.

CHRISTMAS BOMBE
This is an excellent Christmas special that is very simple and great to get in the bag as you can make it days before the big day.
Serves 10-12

For the chocolate sponge:
200g/7oz butter
200g/7oz caster sugar
3 large eggs
200g/7oz self raising flour
1 rounded tsp baking powder
3 rounded tbsp cocoa powder

For the filling:
2 x 250g ricotta cheese
around 80g/2¾ oz sugar, to taste
1 handful of mixed glace fruit
1 tin of cherries, drained
100g/4oz chocolate, broken up
1 handful of flaked almonds
2 heaped tbsp good coffee beans, bashed up
2 egg whites
a good drizzle of Grand Marnier
cocoa powder for dusting

Method
1 Line two 10"/25cm cake tins with greaseproof paper and rub with a little butter. In a mixer, beat the butter and sugar together until fluffy. Add the eggs, flour, baking powder and cocoa powder. Mix well and divide into the cake tins. Cook for 7 to 8 mins at 180C/350F/Gas 4 until firm but soft.
2 To make the filling: add the ricotta to a food processor and blitz with the sugar until shiny and smooth.
3 Scoop into a bowl, add the chopped fruit, cherries, chocolate and almonds and stir together. Now add the coffee to taste (bash the the beans using something heavy wrapped in a tea towel, or

http://www.geocities.com/nakedcheffan/xmasinny.htm (5 of 8) [16/04/02 10:01:47]
use a coffee grinder). Whip the egg whites and fold into the ricotta mix.

4 Turn out the sponge whilst it's still hot and cut it into 8 wedges. Line a shallow round bowl, about 23cm/9", with two sheets of clingfilm, making sure it fits the shape of the bowl.

5 Then fit half of the sponge pieces around the insides of the bowl (as you would if it were a summer pudding). Drizzle with Grand Marnier, then pour in the ricotta mix. Level it out, then place the remaining sponge over the top. Drizzle again with Grand Marnier.

6 Pull the clingfilm over the top and weigh it down with some plates, pushing down on them before placing in the freezer for at least 4 hours.

7 Serve this semi freddo (semi frozen), dusted with cocoa powder and sliced into wedges. If it's very frozen then that's fine; just pull it out of the fridge when dinner is served so it can slowly thaw as you are eating.

PORK WITH PEACHES
Serves 6-8 people

Ingredients
1.5kg/3½lb loin of pork, boned
1 bunch fresh thyme, leaves picked
1 bulb of garlic
200g/7oz butter
2 tins of peaches in natural juice, drained
salt and freshly ground black pepper
around 15 slices of pancetta, streaky bacon or parma ham
1 glass of white wine a little flour

Method

1 Preheat the oven to 220C/425F/Gas 7. Score the skin of your pork through the fat, the incisions should be about 1cm apart. Turn over. Make a pocket for the stuffing by cutting an incision at an angle, about 7.5cm/3" deep in the center of the streaky part of the loin, working away from the eye meat.

2 Pocket in the pork loin to push in the flavours, to do this just cut an incision at an angle about 3" deep from the eye meat into the streaky part.
3 Starting slightly in from the side of the meat, slowly slice along the loin not quite to the end this will ensure your stuffing won't fall out.

4 Chop half the thyme with a clove of garlic and scrunch together with the butter, a tins of peaches and a pinch of salt and pepper. Push the butter into the pocket and pat into shape. Lay the pancetta, bacon or ham over the pork, leaving the skinside uncovered, and tie with 3-4 pieces of string.

5 Place skin-side up in a roasting tray with the remaining peaches, the rest of the garlic cloves and thyme and a glass of white wine. Roast for around an hour until the skin is crisp and golden.

6 When ready, remove the pork and peaches to a plate and leave to rest for 15 mins whilst you finish the sauce. To do this, remove most of the fat from the roasting tray, then place the tray over a high heat. Squash the cooked garlic and add a tbsp of flour.

7 Stir and add the wine with a glass of water or stock. Simmer and leave to reduce for a few minutes. Strain and add any extra juices from the rested pork. Check the seasoning and consistency and serve drizzled over the sliced pork.

MUSSELS AND SWEET LEEKS

Just whack it in a big bowl and get your friends to dive in. Have a loaf of crusty bread with it and you have a tasty meal that is completely simple.

Serves 4

Ingredients

3 medium leeks, cleaned and roughly chopped
3 cloves of garlic, finely sliced
olive oil
2 knobs of butter
½ glass of marsala, Bristol cream or white wine
140ml/¼ pint single cream
1.1kg/2½lb mussels, cleaned and beards removed
a good handful of parsley, roughly chopped
salt and freshly ground black pepper

Method

1 In a large pan slowly fry the leeks and garlic in a
good lug of olive oil and the butter. After 5 mins they should be very soft and sweet to taste.

2 Pour in the booze, turn the heat up and simmer for 1 min until the alcohol smell disappears, leaving you with the fantastic essence. Then add the cream, bring back to the boil and add all the mussels. Simply boil with a lid on until all the mussels have opened discard any that remain closed.

3 To make life easier, you could make the sauce in advance and keep it in the fridge until you need to cook the mussels.

4 This is kind of handy if you are having a party as you'll have more time to chill out with a drink. When the mussels are cooked, stir in the parsley and correct the seasoning. Serve in a large bowl with some crusty bread.

salt and freshly ground black pepper
2 free-range eggs
2 large handfuls of fresh spinach
1 onion, finely chopped
1 carrot, halved and finely chopped
extra virgin olive oil
about 285ml/1/2 pint double cream

3. At the same time, steam the spinach in a colander above the pan. This will only take a minute.

5. In a separate pan, slowly fry the onion and carrot in olive oil for about five minutes, add the double cream and bring just to the boil.
6. Remove from the heat and add the cheese, lemon juice, mustard and parsley.
7. Put the spinach, fish and eggs into an appropriately sized earthenware dish and mix together, pouring over the creamy vegetable sauce. Drain and mash the cooked potatoes - add a bit of olive oil, salt, pepper and a touch of nutmeg if you like. Spread on top of the fish.

WATERCRESS, ROCKET, SWEET PEAR, WALNUT AND PARMESAN SALAD

For 1 person

**Ingredients**
- half a pear, the best you can get
- 2 big handfuls watercress
- 2 big handfuls of rocket
- good extra virgin olive oil

- walnuts

**Method**
1. If the skins are nice, just give them a wash - if not, remove with a peeler. Cut in half and deseed.

3. Drizzle with good extra virgin olive oil just to coat, a small squeeze of lemon juice (because the pear just is slightly acidic), and season well with salt and freshly ground black pepper.
4. Toss all this together and serve. Shave over some Parmesan or pecorino, crumble your nuts over and serve.

Ingredients
10 rashers of pancetta or dry-cured streaky bacon, thinly sliced

TRAY-BAKED PORK CHOPS, HERBY POTATOES, PARSNIPS, PEARS AND MINTED BREAD SAUCE

For 4 people

Ingredients
8 pork chops, or 4 double pork chops
1 rosemary, garlic and lemon marinade
3 parsnips
3 smooth-skinned pears
680g/1½lb potatoes, scrubbed
salt and freshly ground black pepper
1 minted bread sauce recipe

Method
1 Rub and massage the pork chops with the
rosemary marinade and, ideally, leave for 1-6 hours for maximum flavour. Preheat oven to 220c/425f/Gas 7.

2 Wash the parsnips and pears, and quarter lengthwise, removing the cores from the pears. Then cut the potatoes into 0.5cm/½" thick pieces.

3 Dry them with kitchen paper, put into an appropriately sized roasting tray with the parsnips, pears, pork chops and marinade.

4 Toss over to lightly coat everything, then season and roast in the oven for 45 minutes to an hour, depending on the size of the chops.

5 While the chops and veg are cooking, make the minted bread sauce. It's great smeared all over the pork.

455g/1lb dried linguine, the best you can get
olive oil
4 rashers of pancetta or dry-cured smoky bacon, sliced thinly
1 large clove garlic, finely chopped
1-2 dried red chillies, crumbled
680g/1½lb clams
2 glasses of white wine
good handful of parsley, roughly chopped
salt and freshly ground black pepper

2. Stir, then add the white wine. Put a lid on the pan and cook for another couple of minutes until all the clams have opened - discard any that remain closed.
3. Remove from the heat and add the drained linguine. Stir in the parsley, correct the seasoning and serve with all the cooking juices.
SALMON FILLET WRAPPED IN PROSCIUTTO WITH HERBY LENTILS, SPINACH AND YOGHURT

For 4 people

Ingredients
255g/9oz lentils
4 x 225g/8oz salmon fillets, skinned and pin-boned
salt and freshly ground black pepper
8 slices of prosciutto
olive oil
juice of 1 lemon
2 good handfuls of mixed herbs (flat leaf parsley, basil, mint), chopped
3 large handfuls of spinach, chopped
200ml/7fl oz natural yoghurt

Method
Preheat oven to 220c/425f/Gas 7
1 Put the lentils into a pan, cover with water, bring to the boil and simmer until tender.
2 Season the salmon fillets with a little pepper before wrapping them in the prosciutto slices. Leave some of the flesh exposed.
3 Drizzle with olive oil and roast in the oven for around 10 minutes until the prosciutto is golden. Feel free to cook the salmon for less time if pinker is to your liking.
4 Drain away most of the water from the lentils, and season carefully with salt, pepper, lemon juice and 4 good lugs of olive oil.
5 Just before serving, stir the herbs and spinach into the lentils on a high heat, until wilted.
6 Place onto plates with the salmon and finish with a drizzle of lightly seasoned yoghurt.
BAKED FENNEL WITH GARLIC BUTTER AND VERMOUTH

For 4 people

Ingredients
3 large heads of fennel
1 clove garlic, finely sliced
3 large knobs of butter
2 wine glasses of vermouth (white wine also works)
salt and freshly ground black pepper

Method
Preheat oven to 220c/425f/Gas 7
1. Remove any discoloured parts of the fennel, cut the tops off and slice finely, reserving the leaves.
2. You can, if you wish, slice each fennel from the top to the root into about four pieces, but it's not important. You can slice them finer and more delicately if you like.
3. Literally throw all the ingredients except the reserved leaves into a baking dish.
4. Rip off a piece of greaseproof paper, run it under cold water and scrunch it up to make it soft.
5. Place it snugly over and around the fennel, not the actual dish. This bakes and steams the fennel at the same time.
6. Cook in the preheated oven for 20 minutes, or until tender. Scatter with the fennel leaves before serving.

CAMPARI AND PASSIONFRUIT SORBET

For 4 people

Ingredients
285ml/½ pint water
200g/7oz sugar
15 passionfruit
1 wine glass of Campari

Method
1. Place the water and sugar in a pan, bring to the boil and simmer for five minutes. Remove from the heat and allow to cool for a while.
2. Halve your passionfruit and scoop out the flesh, seeds and juice with a spoon.
3. Stir this up - you can if you wish pass it through a coarse sieve to remove the seeds.
4. Mix the passionfruit with the Campari and sugar syrup in a plastic tub or earthenware dish, and
place in the freezer.
5 Generally, sorbet takes two hours to set. Try to stir it around every half an hour if you remember.
6 Serve on its own, with some seasonal fruit, or in a cone with some vanilla ice-cream.

SALTED/MARINATED LEMONS "IN A JAR"
(to serve with rice, couscous, fish)

Ingredients
1 handful of coriander seeds
1 handful of fennel seeds
whole, black pepper
some whole cinnamon
1 package of coarse sea salt (Meldon)
dried thyme
bay leaves

Method
Wash the lemons. Cut them almost through - into 4 pieces. Put the spices in a cloth and
smash them 3-4 times to release the aroma.
Put spices in a bowl together with salt, some twigs of thyme and some bay leaves. The salt
will suck out the aromas and the juices from the lemons.
Push the mixture into the lemons - as much as will fit in. Pour some of the salt mixture into
a large jar, press as many lemons as possible into it. Put the rest of the salt mixture on top.
Close the jar with a tight lid, and shake it to spread the salt evenly. It will take about a
month to soften the skin of lemons. After this they'll be ready for use. You can preserve the
lemons up to about 2 years.
Cut the lemons into thin slices when using them.

FETA CHEESE IN A JAR W/ HERBS

Ingredients
feta cheese
fennel seeds
pepper
2 dried chilies
olive oil
dried herbs, i.e. parsley, thyme, red basil, green basil, oregano

Method
Put the cheese on paper towels to remove excess moisture. Cut the chilies into small pieces.

http://www.geocities.com/nakedcheffan/xmas.htm (1 of 3) [16/04/02 10:05:39]
Put them on a flat surface with fennel seeds and some pepper. Crumble the herbs lightly and remove the thick stalks.
Spread out on the surface and push the cheese into the mixture, so seeds and herbs stick to it.
Put the cheese carefully into a jar. Break the cheese into smaller pieces to leave as little space as possible in the jar. Fill the jar with olive oil. Ready to serve after 1 week.
Serve on a plate with i.e. ham, salad, gherkins etc. Do not put in the fridge, as the oil will stiffen. A delicacy served on warm baguettes.

FRIED CHICKEN FILLED WITH HERBS, POTATOES AND GARLIC
(serves 8)

Ingredients
1 small chicken per person (approx. 5-600 grams)
750 grams potatoes
12 cloves of garlic
4-6 parsnips
fresh sage
fresh rosemary
fresh thyme
fried bacon

Method
Peel the potatoes, cut into wedges and boil with whole, unpeeled garlic cloves. Remove the water. Cut the parsnips lengthwise, into 6 pieces. Remove the coarse stalks from herbs and put in a bowl together with parsnips. Put the potatoes and garlic into a bowl with some salt and pepper. Mix it all together.
Stuff the chickens with potato mixture. Put rosemary twigs through the chickens, from one thigh to another, to keep the stuffing and the thighs in place. Put the chickens in a pan and spread the parsnip pieces between them. Add salt and pepper, and fry in the oven at about 225 °C, approx. 45 min.
Add a few pieces of fried bacon to the plate before serving.

JERUSALEM ARTICHOKES
(These are not real "artichokes" but a member of the sunflower family. But I'll use the term "artichoke" in this recipe)

Ingredients
12-16 Jerusalem artichokes
1 clove garlic
a handful of thyme
Method
Wash the artichokes, but do not peel them. Cut into slices of about 1 cm, lengthwise and put into a baking pan. Peel the clove, and chop finely. Spread garlic, salt and pepper over the artichokes. Pull the leaves off the thyme stalks, and spread over the baking pan. Fill the pan halfway with cream. Spread grated Parmesan over the artichokes, and mix everything carefully together with your hands. You may fry the dish right away, or pour some dried bread crumbs mixed with salt, pepper and thyme over it, to make it even tastier. Pour some olive oil over to finish it off. Put in the oven at 225 degrees for about 30 min.
You may use different vegetables in this dish: i.e. fennel, celery root, potatoes.
